

How to get signup bonus at Yay social casino?

I'm working remotely right now; I have less work to do, and I've started feeling this strange sense of boredom. Before, I never had enough time for anything, but now it's the opposite—I don't know what to do with myself in the evenings. I stumbled upon a discussion about the social casino Yay and decided to give it a try. I signed up, but I'm not entirely sure if I received the bonus or not.

It looks like something was credited to my account, but I'm not sure if that's it or just the starting balance. To be honest, the interface isn't the most intuitive for me. Maybe I missed something or clicked the wrong button. I don't want to waste time figuring it out if it's actually simple. Or does the bonus take a while to show up? Anyway, for those who've already signed up—how exactly do I get this bonus?

Exactly how many gold coins did you receive when you signed up? Generally, this social casino states that the sign-up bonus is 80,000 GC + 8 SC. But there are certain conditions. You need to verify your phone number, email address, and consent to receive SMS messages, and then you'll receive all those gold coins. Check the details about the Yay Casino free spins welcome bonus on the official website. For example, when I signed up, I didn't want to consent to SMS messages, so I received 20,000 fewer gold coins. But that bonus was still enough for me to play a few slots and understand how they work. So there's nothing complicated about it.
